AGE OF EXPOSURE INSTEAD OF GRAFT

Said Bishop Woodcock at the
Grace Episcopal Church

Ringling Sermon On Patriotism and
Charitable Thinking by the
Prelate.

GOULD MEMORIAL DEDICATION

Consecration of the Gould Memorial Baptist Church on Sunday morning by the Right Reverend Charles E. Woodcock, bishop of Kentucky, was a most beautiful and impressive service. It immediately preceded the regular service. As the choir entered from the parish house, accompanied by Bishop Woodcock and the rector, the Rev. David C. Wright, the procession paused in the baptistry where the processional hymn was sung. The service of consecration was impressively said by Bishop Woodcock after which the consecration hymn was sung. The rite of infant baptism was administered later to six children by the Rev. David C. Wright.

The baptistry is the gift of Mrs. Elbridge Palmer as a memorial to her family: Charles Tiltonson Bronson, Victrola Campbell Bronson, John Vinson Gould, Mira Rebecca Gould, Frances Alexander Gould, John Vinson Gould, Jr. Jeannie Campbell Gould, Elbridge Palmer, Mira Bronson Palmer. It is complete with the exception of two memorial windows which are being made in New York and will be placed in this summer or autumn.

The Bronsons and Goulds have been identified with Grace Episcopal church from its very infancy and have been instrumental in its upbuilding through all its struggles, vicissitudes and prosperity. The regular congregation was largely augmented by many family friends and relatives of the Goulds in Paducah. Bishop Woodcock's sermons were delivered in the clear-cut, epigrammatic style that is so characteristic of him and that holds the attention from the start.

The morning sermon was based on Galatians vi. 12: "Brethren, if a man be overtaken in a fault, ye which are spiritual, restore such an one in the spirit of meekness; considering thyself, lest thou also be tempted. Bear ye one another's burdens, and so fulfill the law of Christ." It was a vigorous protest against the "sin of ungentleness"; a powerful plea for a broader "brotherhood of man"; more of the Samaritan spirit that will not "pass by on the other side"; an arraignment of the hypocrite as worse than the coward; and enforced the uplifting thought that "No man is hopeless as long as he can feel a sense of shame."

At night from the text, "The glory of the children is their father," he made an inspiring and patriotic address in commemoration of the three hundredth anniversary of the landing of the first settlers at Jamestown, Va., on May 13 1607. It was a ringing call to American pride, American love and American optimism, and emphasized that America was in the development stage today, but carrying on the greatness begun by our fathers. That it was not a country "mad about money-getting"; as some American expatriates had represented it to be abroad, but rather the light was being fearlessly turned, today, on all crookedness in high places, and that the American in art, literature and every calling compared favorably with those in other lands. It was an eloquent tribute calculated to foster the spirit of patriotism and good for all Americans to hear.

"This is an age of exposure, rather than of graft," said the bishop. The singing at both services was especially fine. The regular choir was assisted by a number of singers from other churches. The soloists in the "Festal Te Deum" at the morning service were: Misses Falth Langstaff, Ethel Callist and Mr. Robert D. MacMillen. "Fear Ye Not, O Israel" was sung for the offertory by Mr. MacMillen and "Forever with the Lord" at night by Mrs. Leila Wade Lewis.

At night the rite of confirmation was administered to two persons. The offering of the day was for the parish apportionment fund for general missions and amounted to \$85.

HONOR MEMBERS OF CLASS

Seventeen out of a class of nineteen were successful in the examinations for county school graduates, making the second largest graduating class since county schools were established in McCracken county. One pupil stood the first examination immediately after the close of school, and 18 stood the last examinations held Saturday at Lone Oak. The program for the commencement has not been completed, but arrangements are being made for the event.

Commencement will be held in the Kentucky Western college at Lone Oak, five miles from Paducah on the Broadway road, Friday evening, May 24.

Superintendent S. J. Billington is proud of the increase in the class, and hopes to secure at least one graduate from each of the 42 districts next year, and will work hard towards this end. The biggest class in the history of the school numbered 27.

The Graduates.

INCREASE COMES TO I. C. PAINTERS

Representatives Have No

Wages for Employes in Local Shops

TINNERS ARE NEXT TO AGREE.

An increased averaging 3 1/2 cents was secured by Illinois Central painters, Mr. Harry Savage, representative from the Paducah shops, having returned from Chicago bringing the new agreement and rules and regulations Sunday. "We had a satisfactory meeting," Mr. Savage stated. "We remained in session but a short time, and got all we asked for. The scale varies with the class of work done. Formerly painters got from 24 cents to 30 cents the hour. The new scale gives from 22 cents the hour to \$3.25 per day, which is 25 cents the day more on the high enlarged men."

The pipe fitters will be next to sign up. The road granted pipe fitters a raise voluntarily, and it is said no more will be asked, the delegates going to Chicago merely to undertake the formality of signing up the scale.

They came in, a dozen strong, each carrying a little hatchet for bottles. I had them shadowed and not one found a bottle. It was dry here; but I hate to think of conditions at Mayfield yesterday."

WRENCH FOR WEAPON.

Engineer Kelley Puts Armed Helper to Flight.

Armed with a big wrench, Engineer John J. Kelley, of the Illinois Central, Saturday evening between 7 and 8 o'clock at the west crossing of the Illinois Central at Tennessee street, routed a colored helper, who presented a revolver and fired at him. Engineer Kelley was "pulling" a switch engine. He started to kick a caboose into a siding. John Starks, a colored "helper," was attending to the coupling. Kelley gave him an order, which Starks resented, and a heated quarrel, resulting in Starks pulling a revolver and firing at Kelley's head. Kelley dodged when he saw the shining weapon and losing no time he grabbed a wrench and jumped from the cab, after Starks, who fled.

FALLING OFF AMONG COLORED.

The total county school census shows an increase of 22 pupils over the previous year, and white pupils caused it. The report of enumerators in district 41, showing an enrollment of 92 was filed this morning with County Superintendent S. J. Billington, completing the census, following are the figures:

1907	Whites

Grand total 1907	3,780
Grand total 1906	3,758

The figures show an increase of 49 white pupils and a decrease of 27 colored. The increase this year can be attributed to the white pupils alone.

The City Census.

Revision of the books of the school census enumerators fails to show any material difference from the first totals. The census shows 6,250 children of school age in the city which is the same as last year's census. The falling off is among the colored children.

MEN ADMIRE

a pretty face, a good figure, but sooner or later learn that the healthy, happy, contented woman is most of all to be admired.

Women troubled with fainting spells, irregularities, nervous irritability, backache, the "blues," and those dreadful dragging sensations, cannot hope to be happy or popular, and advancement in either home, business or social life is impossible.

The cause of these troubles, however, yields quickly to Lydia E. Pinkham's Vegetable Compound made from native roots and herbs. It acts at once upon the organ afflicted and the nerve centers, dispelling effectually all those distressing symptoms. No other medicine in the country has received such unqualified endorsement or has such a record of cures of female ills as has

Lydia E. Pinkham's Vegetable Compound

Miss Emma Runtzler, of 631 State St., Schenectady, N. Y., writes: "For a long time I was troubled with a weakness which seemed to drain all my strength away. I had dull headaches, was nervous, irritable, and all worn out. Chancing to read one of your advertisements of a case similar to mine cured by Lydia E. Pinkham's Vegetable Compound, I decided to try it and I cannot express my gratitude for the benefit received. I am entirely well and feel like a new person."

Lydia E. Pinkham's Vegetable Compound is the most successful remedy for all forms of Female Complaints, Weak Back, Falling and Displacements, Inflammation and Ulceration, and is invaluable in preparing for childbirth and the Change of Life.

Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. Her advice is free and always helpful.

Return of "Charley's Aunt."

No more delicious combination of rollicky has been wittily welded together for the stage than "Charley's Aunt," which will make a return visit to this city tonight before opening an engagement at the new Mary Anderson theater, Louisville, with Etienne Girardot and his admirable supporting company of players. Here is a rollicking comedy that pleases the ladies for the excellent reason that genuine sentiment enters large-

ly into the jollity. The pleasant plot involves half a dozen dainty love stories. Cupid being all-pervading. The all around heart interest forms the fascinating foundation for the tall superstructure of unalloyed fun. No comedy as thoroughly amusing as "Charley's Aunt" has been given in recent years, and, its world-wide fame is well established. Mr. Girardot will be supported by the same excellent organization of players seen in the play during its previous visit, including Wilfred North, Sol Alken, Henry Winkler, Frank Hollins, Geo. Le Guere, Paul Borget, Nina Herbert, Pauline Neff, Helena Byrne, Lottie Alter and others. The sale of seats starts Monday morning.

Pardon Offered By Hargis.

Lexington Ky., May 13.—The trial of James Hargis for the murder of James Cockrill began in earnest Saturday. The opening addresses were made and the testimony began, some of which proved to be new and of sensational character, especially the statement of John Smith, that Judge Hargis had offered, when both were at Frankfort, to go at once and get Smith a pardon from Governor Beekman in advance if he would kill Cockrill.

Don't waste time trying to impress people with the importance of your own importance.

ACCUMULATIONS.

The opening of Spring reminds the prudent man and woman that it is time to get rid of the accumulations of the winter season. The body demands it as the price of comfort and health. In old times the Spring was the season for strong physicking, and heroic were the measures often taken. Nowadays the prudent at this time of the year take a mild but effective prescription, such as 1/4 oz. Fluid Extract of Buchu, 1 oz. Bulbo Mixture, 1/2 oz. Fluid Extract Gentian Compound and 15 ozs. water. This, taken in doses of a tablespoonful three times a day, before meals, is said to do the work far better than the drastic drugs of old and is vastly more pleasant. The prescription can be put up by any good pharmacy at small cost.

REAL BALL GAME
AT WALLACE PARK

Culley's Were Defeated in
Heartbreaking Finish

Metropolis Blues Again Do Up Local
Aggregation—Independents
Are Beaten.

SCORES IN THE BIG LEAGUES

In a game which would have been a credit to professionals, the Metropolis "Blues" defeated the Paducah "Culley's" at Wallace park Sunday afternoon by a score of 3 to 0. It was nip and tuck from the start, and a three bagger followed by a "pump pop-up" tallied the first score. The following two were made by lucky base running followed by more "pump-ups." Hart shined in the box for the locals and Doyle for the "Blues" was also in great form. More than 300 fans, Metropolis people being in majority, saw the game, and left well satisfied with the result.

The "Blues" scored one run in the fifth inning. A three base smash to deep left-center was followed by a "pop-up" to right field, after two men were retired. In the eighth inning two more runs were piled up. Base running was principally responsible, although the scores were tallied, through error and not earned.

The score:

Blues...0 0 0 0 1 0 0 2 0—3-31
Culley's...0 0 0 0 0 0 0 0—0-32

Independents Defeated.

In a one-sided game at Mount City Sunday afternoon John Holland's Paducah Independents lost to Mount City by a score of 8 to 2. Bahrle was slated to pitch for the Independents but was taken ill on the train and remained in bed until the game. He handled himself in the infield creditably. Woodring, formerly Cairo's star twirler last year, worked for the Mount City team and had several Cairo boys to support him. His work was nothing extra and Arnold, the Independent pitcher, made as good showing.

The score:
R H E
Mount City...8 6 3
Independents...2 2 6
Batteries—Woodring and Coleman; Arnold and Hayes.

Notes of the Games.

Hart for the Culley's yesterday struck out fully a dozen men. His work was a feature.

The Culley infield is steady but the outfield is not what it should be.

The Independents' errors yesterday gave the Mount City team most of its scores, only one being earned.

Block, catcher for the Culley's, looks good for a leaguer before many more seasons. He has a good wug, handles himself quickly and is a sure stickler.

Baker, on third for the Culley's, is a fast infielder, but throws a little short. Second base would be a better position for the youngster.

Oldest Woman in the World

MRS. MARY MCGRATH, 110 YEARS OLD.

Mrs. Mary McGrath, of Brandon, Wis., who is 110 years of age and the oldest woman in the world, says that when she takes Duffy's Pure Malt Whiskey she feels so well she can walk a mile.

Mrs. McGrath says she tried several other medicines, which did her harm and finally used Duffy's Pure Malt Whiskey as prescribed solely, which restored her to health and prolonged her life.

"I take pleasure in writing to you what a wonderful medicine your Malt Whiskey is. I am never tired of praising it, for it has done me so much good. While I was taking it I could go out and walk a mile. I have taken so many other kinds of medicines since I have been sick, and instead of improving me they did me harm. I know what Duffy's Pure Malt Whiskey does for me, and I want no other medicine." Yours, Mrs. MARY MCGRATH, Brandon, Wis., December 18th, 1906.

Duffy's Pure Malt Whiskey is recognized as the best tonic stimulant in the world for both young and old.

Duffy's Pure Malt Whiskey

is distilled wholly from malted grain by a most expensive method which has never been made public and this private process gives it great medicinal value and insures quality and flavor. Its age, softness, palatability and freedom from those injurious substances found in other whiskeys make it acceptable to the most sensitive stomach.

It is an absolutely pure, gentle and invigorating stimulant and tonic. It acts as an antitoxin which destroys and drives out all disease germs, creates new nerve tissues, tones and strengthens the heart, gives power to the brain and elasticity to the muscles, enriches the blood and soothes and heals the mucous membranes. It brings into action all the vital forces. It makes digestion perfect, and enables you to get from the food you eat the nourishment it contains. It is invaluable for overworked men, delicate women and sickly children. It strengthens the system, is a promoter of health and longevity, makes the old young and keeps the young strong. Duffy's Pure Malt Whiskey is a form of food already digested and is recognized as a medicine everywhere.

The Problems of the People

Not since the ardent days preceding the Civil War have the people of this country been so aroused over public questions. Never since then have problems of such immediate personal concern presented themselves to the people for solution. Every man that earns a dollar and every man that spends a dollar is interested in their settlement. Interested because they affect his rights and his property, his patriotism and his pocketbook.

DEFAMING THE POLICE.

We are little concerned about the
controversy precipitated by Mayor
Yetter's insistence on a vigorous
prosecution in police court of an al-
leged Sunday violator, and we have
heretofore refrained from alluding to
the episode at the conclusion of the
session, in which Police Commissioner
Manu Clark asked City Attorney
Harrison if he thought a policeman
ought to turn his back when he sees
a man come out of a saloon on Sun-
day. Indeed, we rather agree with
our evening contemporary when it
says: "Mr. Harrison did not, as has
been charged, abuse the police in
whole or in part, but he did warn
them to be more careful in making
arrests and in swearing out war-
rants in cases of this kind."

But when in setting Mr. Harrison's
position right, that organ finds it
expedient to abuse the policemen, who
were doing no more and no less than
their sworn duty, we feel called upon
to raise our voice in protest at the
injustice and the danger of it.

We do not hold the police force
above criticism. In times past we
have exercised the freedom of the
press in calling the department to
account for what we considered dereliction
of duty, but never have we
been guilty of the offense of vilify-
ing individual members of the force
for carrying out instructions and
performing their duty, no matter
how hard hit our friends may have
been.

On the front page Saturday even-
ing the organ had the following to
say in the course of an editorial un-
der the caption: "Plain Statement of
the Mitchell Case:"

"The facts as brought out in the
police court Thursday and Friday are
these: W. M. Mitchell operates a sal-
oon at 1,090 South Tenth street.
Last Sunday Patrolmen Rogers and
Hill saw Mr. Mitchell carrying a bas-
ket to the residence of Mrs. Lottie
Jacobs, a few doors away. The vigi-
lant police, and one of them is a de-
feated candidate for city jailer, con-
stituted themselves a "smelling com-
mittee," and undertook to find out
what was in the basket. Horrible to
relate! It was beer and the sensi-
bilities of the police were shocked.
A warrant was secured from Magis-
trate Emery because Police Judge
Cross was out of the city. The war-
rant charged Mitchell with selling
liquor on Sunday."

Threshold free of chaff, the state-
ment is correct, barring the inad-
vertent omission that the policemen
"saw Mr. Mitchell carrying a basket
(from his saloon) to the residence."
To put the case simply, as well as
"plain," these two policemen saw
Mitchell carry a basket of beer from

his saloon to the house of the Jacobs
woman. They assured themselves of
its contents, and, as it is against the
law to sell liquor on Sunday, they ar-
rested him. Then Mitchell, the
Jacobs woman and four inmates of
her house, swore that the beer was
purchased Saturday night, the war-
rant was dismissed, and City Attor-
ney Harrison "did warn them to be
more careful in making arrests and
in swearing out warrants in cases of
this kind."

Policemen hear of violations of
the Sunday law, and sometimes they
have to wait weeks and months to
secure evidence sufficient to secure a
conviction. Neither the people who
sell nor the people who buy will
give evidence in favor of the prosecu-
tion, and few others can know of
the transactions. The guilty people
are on the lookout for the police and
remain quiet while unformed men
are about. In this case, it may well
have been, as Mitchell declares,
that he sold the liquor on Saturday
night; but we cannot see wherein
the policemen merited either a warn-
ing or a rebuke. The policemen did
not exceed the limits of their dis-
cretion. They had no discretion. The
statements made by Mitchell and the
Jacobs woman constituted his de-
fense, and was a matter for the con-
sideration of a court, not of police-
men.

As to the technical questions in-
volved in preparing a warrant, the
city employs an attorney to attend
to that.

These two policemen, as the or-
gan says, "constituted themselves a
smelling committee." And their
sense of smell did not deceive them.
They smelled beer.

The police were "vigilant," as the
organ sneeringly remarked, and one
of them "is a defeated candidate for
city jailer." That one is Patrolman
William Rogers, brother of Deputy
Sheriff Gus Rogers. For what pur-
pose this bit of gratuitous informa-
tion is incorporated in a "plain
statement of the Mitchell case" we do
not know. Analyzing motives of
men is an unprofitable pursuit. We
can only add to it this comment: If
the successful candidate for city
jailer proves himself as "vigilant,"
on all occasions as Patrolman Rogers
did on this one, he will not merit
either a warning from the city attor-
ney or a rebuke from his party organ.

A Chicago philanthropist, in the
guise of a beggar, made the rounds of
homes and institutions and failed to
secure food or lodging from more
than a half dozen of them, the oth-
ers referring him to the municipal
lodging house. He says he saw 2-
000 men wandering the streets all
night, while only 35 availed them-
selves of the privilege of the munici-
pal lodging house. He concludes
that people are uncharitable. His
view is reactionary. Organized
charity that discriminates between
the deserving and undeserving is the
modern and proper conception. The
municipal lodging house probably is
not a palace, but then it would be
dangerous to make charity attractive.
The professor fell down on his beg-
ging venture, because he is an un-
practiced amateur. The professional
finds it profitable, even in Chicago.

Concluding an itemized statement
of the doubling of salaries of all the
state officials by the Illinois legisla-
ture, a news special says, "the bill
will go to the governor." Not so.
The bill will go to the people to
whom the millinery and grocery bills
go.

ILLINOIS STATE
ASSEMBLY OVER

Will Meet Wednesday to Take
Up Waterway Bill

Two Cent Fare Law, Pure Food Bill,
Grand Jury Reform and Other
Measures.

SHELBY CULLOM RE-ELECTED

Springfield, Ill. May 13.—The
forty-fifth general assembly adjourn-
ed at 6:35 Sunday morning until
Wednesday when Governor Deneen's
deep waterway bill will be taken up.
The work of the general assembly
practically ceased with this adjourn-
ment. The legislature during four
months' sitting has done much im-
portant work. The pure food commit-
tee has been established, giving the
state food commissioner power to
enforce strict sanitary conditions in
all food producing establishments.

During the closing hours of the
session the new charter for Chicago
passed, giving the city almost un-
limited home rule removing the five
per cent. tax limitation and dividing
the city into 50 wards instead of 35.
Many insurance measures patterned
after New York and Massachusetts
laws were passed.

State banking laws were revised
bringing state banks under stricter
control.

Many Important Measures.

Other measures passed are: The
2 cent fare law; a law requiring
state registration of automobiles and
fixing the maximum speed at 20
miles an hour; a law requiring the
turning into the state treasury inter-
est on all public funds; measures em-
bracing elaborate extension of Chi-
cago's park and boulevard system;
an appropriation of \$500,000 for be-
ginning a new state prison at Joliet
at a total cost of about \$2,000,000;
local option bill, and a measure codi-
fying and harmonizing laws of nego-
tiable instruments, and titles, ware-
house receipts practice and proced-
ure in courts.

The assembly also increased sala-
ries of members of the legislature to
\$2,000; the governor to \$12,000;
state treasurer and attorney general
to \$10,000 each and other state offi-
cials, except the lieutenant governor,
to \$7,500.

The newspapers of Indiana during
the last six months have said a great

that is now creating so much talk in
Paducah. Many thought the merits of
the discovery was greatly exaggerated,
but judging from the reports that are
now pouring in from local people, the
great remedy is even more wonderful
than is generally supposed. A num-
ber of people have reported rapid re-
covery from stomach troubles after
taking a few doses of the Juice. Last

The Real Situation.

The situation in regard to the con-
troversy between the carpenters and
contractors of Paducah is thus ex-
plained by a communication from the
carpenters:

The morning Register contained
an article regarding a conference
held last night between the contrac-
tors and a committee representing
the Brotherhood of Carpenters. In
the statement the Register seems to
wish to convey the idea that the
public and business men of Paducah
should endorse the contractors. In
their effort to force the carpenters of
the city, who have had the anarchy
to ask for an increase of a paltry 20
cents a day advance, to return to
work on the so-called open shop
plan, stating that they would then
pay whatever they are worth and
also adding that if any of them are
worth \$3.50 they will be paid that
sum and so on down the line, as the
contractor shall dictate, they taking
into their own hands the absolute
right of placing the compensation
each man shall receive. The state-
ment also says that their proposition
was rejected by the committee. This
last statement should not be neces-

Spring days are the days of half
sick people—people just sick enough
to have little interest in anything
but, not ill enough to go to bed.
Such a condition calls for attention
immediately, or serious results may
follow. The liver, stomach, bowels,

you are yourself again.

ary to have been added, as every
man, woman or child in Paducah,
who has reached the age to think
for themselves, could readily see
that for the carpenter to accept such
a proposition meant only one thing,
that is, to place the matter of build-
ing the homes and business houses of
the citizens of Paducah in the hands
of a bunch of self-appointed dicta-
tors with right to say what the men
who do your work shall receive. And
in order to prejudice the general
public they seek to leave the impres-
sion that the members who are mak-

even going so far as to state that
some of them are unable to hang a

state that if such is the case some
contractors have been, to say the
least, a little slow in making their
discovery, as up to the time of their
controversy this question had not
been raised and would not now if
we would allow them to charge the
man who has a home built the little
increase and instead of giving the
same to the men who earn it let them
put it in their own pockets. But not
being satisfied with their legitimate
profit they also want the last pound
of flesh that can be obtained. We
appeal to the general public and
business men of the city: Have we
by asking the small increase commit-

ted any crime that would cause us to
be sentenced to return to these om-
payers and stultify our manhood by
admitting that we are unable, after
years of experience, to judge what
our services are worth.

In order to adjust this matter, if
possible so as not to cause any dis-
turbance in the business interest of
Paducah we ask that every business
man and every citizen who is inter-
ested in the building of homes in
the city attend a mass meeting on
Monday night, May 13, at Central
Labor hall, and also extend an ear-
nest invitation to the contractors of
the city to be present and present
their reasons why we should not re-
ceive the small pittance asked for. In
order that the general public can be
the judge as to who is right in this
matter. And if the contractors have,
as they claim, all the business men
back of them in this matter they
have nothing to fear. All we ask is
for the privilege of knowing if the
citizens of Paducah are for or against
us.

Thanking the citizens of Paducah
for their assurance of their assist-
ance in this trouble and hoping for
an early adjustment we, leave this
matter in their hands.

Assessment for Methodist Churches
Is Raised by the Extension Board

Assessment on the churches of the
Methodist Episcopal Church, south,
for church extension was raised 25
per cent, by the board of church ex-
tension, which finished its annual
meeting. This means that about
\$175,000 will be collected from the
Methodists for the present fiscal year,
which ends March 31, 1908, whereas
last year only \$140,000 was raised.
Several members of the board wan-
ted to raise the assessment to \$250,-
000, but this was voted down.

The board appropriated \$56,825
for donations toward the building of
churches and granted \$70,000 for
loans to aid congregations in build-
ing churches. It also pledged itself to
raise \$50,000 for the building of
churches in Oklahoma, with the pro-
vision that the people in Oklahoma
raise an equal amount, making a to-
tal of \$100,000 to be expended in
building churches. The aggregate is
to be raised within the next four
years.

The board also agreed to raise a
special donation of \$10,000 as a gift
toward the erection of a church in
Baltimore, Md. at a cost of \$150,-

000, to be known as the Alpheus W.
Wilson Memorial church, in honor of
Bishop Wilson, the oldest active
bishop in the church, and who is
now in China holding conferences.

Governor E. E. Jackson, of Maryland,
started the movement. He offered to
give \$50,000 toward such a church
provided \$100,000 more could be
raised. The residents of Baltimore
will raise the remainder of the
money.

Although no definite action was in-
taken, the board endorsed the move-
ment to build a church in Wash-
ington, D. C., at a cost of \$250,000. This
project was referred to the board at
the last meeting of the general con-
ference of the church.

The Methodists of Washington
have agreed to raise \$75,000 of the
sum and the board must raise the
balance.

If you are moving this spring it
may be a good time to dispose of
some of the things you do not want
to "take along." A classified ad. will
find a cash buyer.

Mrs. Ferriman

Has returned from St. Louis, and will be found in charge of Dress Making Department Monday, ready to assist all old customers and any new ones who will so honor her.

"The Traveling Man" at Wallace Park.

"The Traveling Man" will be given on Tuesday evening at the Casino theater at Wallace park. There is every prospect for the theater being crowded, as all who saw it will want to go again and those who did not see it will feel they cannot afford to miss the opportunity and the bargain combined. It is decidedly the catchiest thing played in Paducah this season and has scored a distinct success in every particular it was played Saturday afternoon to another large house.

Bogus Latin.
This is from the London Chronicle:

Who invented the bogus Latin expression "omnium gatherum," which Mr. Arnold Forster has been applying to Mr. Haldane's territorial army arrangements? We do not expect the question to be answered, since the inventor is almost certainly lost in antiquity. Writing to his wife in 1776, John Adams, the future president of the United States, likened his letters to "the dish which is sometimes called omnium gatherum," and added: "This is the first time, I believe, that those two words were ever put together in writing." But Adams was at least two centuries and more out. Dr. Murray's dictionary gives an instance of "omnium gatherum" as early as 1530, and in the seventeenth century it seems to have been the name of a kind of scrambling dance. "Omnigatherum" in one word was an early variant.

Imprisoned By Fire.
City of Mexico, May 13.—Word was received here today that in the tenacious copper mines at Velardeña, state of Durango, had imprisoned 100 miners and that there was no hope of rescue. The district is remote and communication difficult. Thirty-five bodies have been recovered and 17 are known to have escaped.

To pay a fine of four dollars, work it out on the streets, or go to the "works" for not less than six months, was the proposition made Arthur Dunn by Special Police Judge Eugene Graves this morning, and it required "Dunny" just one minute to decide.

"I'll take the last," he decided, "and picking up his hat, made for the railroad yards. He was fined \$1 and 1ko Bacon, alias Baker, alias Gilliam, colored, was returned Sunday from Hopkinsville and this morning held over in police court for stealing a diamond studded watch from J. W. In Bankruptcy.

Trustee Felix Rudolph held a sale of the estate of W. D. Melton, bankrupt, at the court house this morning. One tract of land in McCracken county near Bandana, 88 acres, was sold to Cecil Reed and J. D. Mockett for \$1,300. It was appraised at \$1,500. A second tract of 21 acres in Ballard county was sold for \$70 cash, to A. D. Melton of Pool. The assets of the estate now in the hands of the trustee are \$2,875. The liabilities are \$8,000.

MANUAL SCHOOLS ARE DISCUSSED

Prof. Shortridge, of Cairo, at The Public Library

Advantages and Benefits of System in Schools and Best Methods of Work.

HOW IT STARTED AT CAIRO.

The Americanizing influence of manual training probably was the most significant point brought out by Prof. W. F. Shortridge, of the Cairo public schools, in his lecture at the public library Saturday afternoon. Manual training shows the young American generation that physical labor not only is honorable but requires, to be done right, a high order of intelligence. The consequence, he observed, from the public working in wood and other materials, was to give them a proper appreciation of labor and to free them from the social snobishness which is so dangerous to American ideals.

Professor Shortridge's lecture was in the nature of a talk to his class. He traced the history of his subject finding its beginning in Sweden. In his experience he has found that manual training keeps boys in school longer, makes them more useful around the home, gives them physical development, often enables them to find their natural line of work, teaches observation of workmanship, and generally turns them into constructive members of society. The boy gets the products of his own work and hence has a personal interest in painstaking workmanship.

Comparing the boy who learned a trade in a factory or work shop with the one who takes a manual course, he showed how economic conditions hinder foremen assign an apprentice to that particular line of work for which he is best suited, and to leave him in that rut. In the manual school, he learns the whole art, because the object of the school is to turn out a competent boy while the object of the factory is to turn out products.

Professor Shortridge had drawings of his pupils with him and photographs of their work. He said a start in a manual course could be made for \$1.200 and that the first \$1,000 has been gotten from private subscription in Cairo. The cost for materials after the outfit is bought is not heavy. He advised that the work should be done under the direction of a trained instructor and the less complicated kinds of work he began in the Seventh grade.

He Fought at Gettysburg. David Parker, of Fayette, N. Y., who lost a foot at Gettysburg, writes: "Electric Bitters have done me more good than any medicine I ever took. For several years I had stomach trouble, and paid out much money for medicine to little purpose, until I began taking Electric Bitters. I would not take \$500 for what they have done for me." Grand tonic for the aged and "for female weaknesses." Great alterative and "body builder;" sure cure for lame back and weak kidneys. Guaranteed by all druggists. 50c.

How She Bet. "Some women," said John W. Gates to a Chicago Chronicle reporter, "not all women, but some of them are very poor speculators, very poor gamblers."

Of Interest To Women:

To such women as are not seriously out of health, but who have exacting duties to perform, either in the way of household cares or in social duties and functions, which seriously tax their strength, as well as nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nerve. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeon's knife would be believed, seldom have to be employed if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and harmless character, but is a mixture of known compounds, a full list of all its ingredients being printed, in plain English, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol, in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of woman's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little look of these endorsements will be sent to any address, postpaid, and absolutely free if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

CHAPTER XXVIII.

DUNCOMBE was passed from the congregate to a footman and from a footman to a quietly dressed groom of the chambers, who brought him at last to Mme. la Marquise. She gave him the tips of her fingers and a somewhat inquiring gaze.

"Sir George Duncome, is it not?" she remarked. "I am not receiving this afternoon, but your message was so urgent. Forgive me, but it was not by any chance my husband whom you wished to see?"

"Your husband would have done as well, madame," Duncome answered humbly. "But I learned that he was not at home. My visit is really to Miss Poynton. I should be exceedingly obliged if you would allow me the privilege of a few minutes' conversation with her."

"The forehead of the marquise was wrinkled with surprise. She stood amidst all the wonders of her magnificent drawing room like a dainty Dresden doll—petite, cold, dressed to perfection. Her manner and her tone were alike frigid.

"But, monsieur," she said, "that is wholly impossible. Mademoiselle is too thoroughly upset by the terrible news in the paper this morning. It is unheard of. Monsieur may call again if he is a friend of Miss Poynton's—say, in a fortnight."

"Madame," he said, "it is necessary that I see mademoiselle at once. I am the bearer of good news."

The marquise looked at him steadily. "Of good news, monsieur?"

"Certainly!"

"But how can that be?"

"If madame will give me the opportunity," he said, "I should only be too glad to explain to Miss Poynton."

"If, indeed, it should be good news," the marquise said slowly. "It were better broken gradually to mademoiselle. I will take her a message."

"Permit me to see her, marquise," he begged. "My errand is indeed important."

She shook her head.

"It is not," she said, "according to the 'conventions.' Mademoiselle is under my protection—I have not the honor of knowing you, monsieur."

Duncome raised his eyebrows.

"But you remember calling at my house in Norfolk and bringing Miss Poynton away," he said.

She stared at him calmly.

"The matter," she said, "has escaped my memory. I do not love your country, monsieur, and my rare visits there do not linger in my mind."

"Your husband," he reminded her, "asked me to visit you here."

"My husband's friends," she replied, "are not mine."

The calm insolence of her manner toward him took him aback. He had scarcely expected such a reception.

"I can only apologize, madame," he said, with a bow, "for intruding. I will await your husband's return in the hall."

He bowed low and turned to leave the room. He had almost reached the door before she stopped him.

"Wait!"

He turned round. Her voice was different.

"Come and sit down here," she said, pointing to a sofa by her side.

He obeyed her, thoroughly amazed. She leaned back among the cushions and looked at him thoughtfully.

"How is it that you, an Englishman, speak French so well?" she asked.

"I lived in Paris for some years," he answered.

"Indeed! And yet you returned to Norfolk, is it?"

He bowed.

"It is true, madame," he admitted. "How droll!" she murmured. "Miss Poynton—she is an old friend of yours?"

"I am very anxious to see her, madame."

"Why?"

"I have reason to believe," he said, "that a mistake has been made in the identity of the body found in the Seine and supposed to be her brother's."

She gave a little start. It seemed to him that from that moment she regarded him with more interest.

"But that, monsieur," she said, "is not possible."

"Why not?"

"She did not answer him for a moment. Instead she rang a bell. A servant appeared almost immediately.

"Request M. le Marquis to stop this way immediately he returns," she ordered.

The man bowed and withdrew. The marquise turned again to Duncome.

"It is quite impossible," she repeated. "Do you know who it was that identified the young man?"

Duncome shook his head.

"I know nothing," he said. "I saw the notice in the paper, and I have been to the morgue with a friend."

"Were you allowed to see it?"

"No; for some reason or other we were not, but we managed to bribe one of the attendants, and we got the police description."

"This," madame said, "is interesting. Well?"

"There was one point in particular in the description," Duncome said, "and a very important one, which

"Monsieur may call again if he is a friend of Miss Poynton's."

proved to us both that he was not Guy Poynton."

"It is no secret, I presume," she said. "Tell me what it was."

Duncome hesitated. He saw no reason for concealing the facts.

"The height of the body," he said, "was given five feet nine. Guy Poynton was over six feet."

The marquise nodded her head slowly.

"And now," she said, "shall I tell you who it is who identified the body at the morgue—apart from the papers which were found in his pocket and which certainly belonged to Mr. Poynton?"

"I should be interested to know," he admitted.

"It was Miss Poynton herself. It is that which has upset her so. She recognized him at once."

"Are you sure of this, madame?" Duncome asked.

"I myself," the marquise answered, "accompanied her there. It was terrible."

Duncome looked very grave.

Santa Barbara, Cal., May 13.—While hurrying northward over the Coast Line of the Southern Pacific railroad homeward bound after a week of festa and fraternizing in Los Angeles, 146 Shriners of Ismailia Temple of Buffalo and Rajab Temple of Reading with their families and friends, were hurled into the midst of death when their special train, running 50 miles an hour, struck a defective switch at Honda, a lonely station on the sand wastes of the Pacific beach, derailing the train, smashing the coaches into splinters, killing 36 almost instantly and injuring more than a score of others.

DRIVING ROD

THIS PASSED ENGINEER'S HEAD AT UNION STATION.

Crashes Into Block Signal and Wrecks Roof of Coach Standing on the Track.

Hurled with the force of a twelve-inch cannon, a driving rod narrowly missed Engineer S. L. Atherton's head, struck the block signal post at the Union station, knocked it nearly down, and then tore away a portion of the roof of coach No. 2,825. Having expended its force, the rod rebounded to the ground and nearly buried itself with its weight in the soft stone screenings. The escape of the engineer was miraculous, driving rods having been known to tear the entire cab away and kill engineers and firemen. The escape of Engineer Atherton is attributed to the fact that the rod broke entirely loose from the engine, making it impossible for it to whip the engine cab.

Passenger train, 836, from Cairo, having its terminal here, arrived shortly after 8 o'clock Sunday night. It was pulled by engines No. 1,339 and 210, Engineers Evitts and Atherton. The coaches were stored on siding and the double headed engines started backing down the second track to the shops. Atherton's engine was in the lead and he leaned far out of his cab to watch ahead. The engine was running at a pretty good clip when suddenly a harsh cracking sound followed by a series of crashes caused the engineer to apply air.

The side rod from Atherton's engine had broken loose. Its course missed the engineer just five inches.

Railroad Gossip.

Mr. R. B. Misenheimer, formerly night baggage agent for the Illinois Central, but now employed in the traffic department at Memphis, is visiting in the city.

Mr. Joe Walker, foreman of the mechanical department of the Nashville division of the Illinois Central, returned to Princeton this morning after a visit in this city. Mr. Walker is tipped for general foreman at the Paducah shops, but no authority for his appointment has been received.

Mr. J. C. Martin, foreman of the Illinois Central paint shops, is in Louisville, and Mr. Harry Savage is acting in his place.

Mr. John H. Trent, formerly storekeeper for the Illinois Central but now manager of the St. Louis railroad branch of a big New York asbestos manufacturing firm, was in Paducah yesterday on a visit. He formally announced that he would remain in his present position.

The "air car" is doing a big business in Paducah. It is here to examine engineers on the application of air in every form, and several Paducahans have undergone the tests. This morning four young engineers from Water Valley, Miss., stood the examination. They are Messrs. E. J. Parker, J. W. Terry, F. Pearson and Bob Fletcher.

Doan's Kidney Pills relieve backache.

Cure every kidney ill.

Paducah citizens endorse them. Bert Bradford of 924 South Sixth street, Paducah, Ky., says: "I doctored for two years continually for backache and kidney and bladder troubles. Last summer I never left my room for two weeks on account of the weak condition of my kidneys and back. I have suffered everything from pains across my hips and back, and have taken a great deal of medicine but did not get any permanent relief until I began using Doan's Kidney Pills which I procured at Alvey & List's drug store and used them as directed. After taking three boxes I was much improved and continued their use until I had used ten boxes in all when I had received a complete cure. I am very grateful to Doan's Kidney Pills and heartily recommend them."

WILD RUMORS

ORCHARD WILL BE SHOT HERE HE GIVES HIS TESTIMONY.

All Kinds of Stories Current Around Boise City, Idaho—Was Moyer a Convent?

Boise, Idaho, May 13.—With the report that the defense in the Moyer, Haywood and Pellibone cases, has failed to prove that Moyer was not once convicted in Chicago and confined in the prison at Joliet, and the announcement that the state has promised to reveal a story of crime and bloodshed that will startle the country when the Haywood trial starts, come various rumors that Harry Orchard, will never live to tell what he is alleged to know of the workings of the "inner circle" of the miners' federation.

The interest in the trial centers in the personality and testimony of Orchard, who is alleged to have killed Governor Steunenberg and upon whose confession William Haywood and associates in the Western Federation of Miners were indicted.

Meantime Orchard is a closely guarded prisoner in the state penitentiary, a castle-like structure in the eastern suburbs. Today numerous reports as to attempts to reach or kill Orchard are in circulation, the last being a tale from Lewiston of a plot to shoot Orchard from the hills back of the prison.

COMPLAINT DISMISSED.

Clerical Error Caused Suit Against Illinois Central.

Washington, May 13.—Decisions in six cases were handed down today by the Interstate commerce commission.

In the case of the Holcomb-Hayes company vs. the Illinois Central Railroad company, the carrier admitted that the insertion of a certain rate in its tariffs, which applies to complainants, particularly shipments of crosses from Hopkinsville, Ky., to points in Illinois, was the result of a clerical error. Subsequently this rate was voluntarily reduced by carrier. Upon complaint the carrier expressed willingness to pay the complainant the excess collected by reason of such error if protected by order of the Interstate commerce commission and thereupon the commission having substantiated the facts, ordered such special repatriation. The complaint is therefore dismissed.

The John Hopkins will arrive tonight or in the morning from Evansville.

Wind was too high to dock Gent's showboat at the dry docks today. The houseboat and towboat will be docked, too. Captain Gent expects the seats for his showboat in two weeks.

Conway Grade will go on the excursion steamer Louisiana as head mate next Thursday.

The City of Salt Lake arrived late on Sunday night from the Tennessee river and left at 2 o'clock this morning for St. Louis.

The City of Savannah arrived Sunday afternoon at 5 o'clock from St. Louis and went to the Tennessee river at 8 o'clock.

The Peters Lee passed down from Cincinnati for Memphis Saturday afternoon.

On good time, the Buttrick arrived from Nashville last night and left at noon today for the Clarksville short trip.

Henry Swinney, third clerk on the Buttrick, has gone on the Duubar in the same berth.

Business was fine in the passenger department of the Dick Fowler in

the Cairo trade this morning, and the freight business was good.

No matter how much St. Louis or Pittsburg or Nashville or Chattanooga with the way points, may expect from an all-the-year-round stage in the rivers and the opening of the Panama canal, it is pointed out by a man familiar with the river, all their business must pass Paducah before it can reach its destination. The larger cities on the river may expect to hog the trade but the natural benefit that will result to Paducah from this business having to pass its doors will be great. Boats from any of the up river points will stop here for repairs and stores. But Paducah wholesale merchants have always gotten their share of the business and doubtless will in any future development of the river business.

Despite the general heavy rainfall, the river reached only 29 feet before a fall started in. The last 48 hours has seen a fall of .2, the stage this morning being 29.6. May 13 last year the stage was 14. Business at the wharf Sunday and today was fair.

The Chattanooga arrived Saturday afternoon from Chattanooga and was pulled out on the ways today for repairs. The stem block was broken by contact with the rocks and other damage was done around the head of the boat, but it will require only a few days to repair the break. The Avalon probably will not come out in that short time, unless to take the Joe Wheeler's place.

Henry Kopf is acting second clerk on the Dick Fowler this week in Frank Molinski's place.

The George Gowling made two trips Sunday and handled large crowds each trip. One trip carried colored excursionists to Metropolis.

Captain Mike Williams has returned from Memphis, where he got the prospect of considerable work for

the ways this summer. The Wash Henshol passed up from Cairo today on the way to Pittsburg.

After a lay-off of a month from a broken shaft, the Joe Fowler is expected to be back in the Evansville trade by next Monday.
